THE DAILY SUN, published every morning except Monday, delivered by carrier in the city, or mailed to any part of the United States, postage free, for \$5 a year; \$2.50 six months; \$1.25 three months; or 50 cents for five weeks—strictly in advance.

Reading notices in local column 10 cents a line for first insertion, and 5 cents for each additional insertion.

Rates for display advertising made known on application.

The Twice-a-Week Sun is an eight-page, forty-column paper, published every Monday and Thursday, and contains all the news of the week, local, State and general, and will be mailed, postage free, to any part of the United States or Canada, for \$1.00 a year—in advance.

All advertising bills become due after first appearance of advertisement, unless otherwise stipulated in contract. Parties not known to us will be required to pay for advertising in advance. Address, THE DAILY SUN, GAINESVILLE, FLA.

The Department of Travel, of which Mr. Taft is secretary, will no doubt publish a book in the near future.

Mr. McCurdy has not resigned the presidency of the Mutual Life. He has only become resigned to his office.

Mrs. Chadwick says there are others as guilty as she is, and there is little doubt that the poor creature is quite right in her statement.

The people of Minnesota have got their wheat harvested and are now beginning to harvest the finest crop of early blissards ever seen in that section.

Assistant United States Treasurer Lieb at Philadelphia has been removed by President Roosevelt for "evading the provisions of the civil service law."

For the many blessings we have enjoyed the past year and our freedom from any calamity or misfortune of a serious nature, Gainesville should be most truly thankful.

The Recorder's Court in Pensacola is making it very warm for the people who use profane and obscene language on the streets of that city, and the average sentence has been raised for female "cussers" from 30 to 40 days in the stone yard.

The Supreme Court of the United States has refused to interfere in the case of Mrs. Bell Rogers of Vermont, twice convicted of murder of her husband and sentenced to be hung, and it is thought that nothing can save her from being executed on December 8th.

The Tampa Fair, known as the Florida Mid-Winter State Fair, closes today one of the greatest exhibitions of the products of this State ever before seen, and the next fair will be still greater, as there is no State in the Union that is advancing more rapidly than Florida.

Beginning December 4th The Perry Citizen will issue a daily paper on a small scale until January 1st. This will be done to let the people of that enterprising city see how nice it is to have a daily, and also to give the publishers some idea of the difference in getting out a paper six days in a week and once a week.

Many States of the South have their colonels and majors without number who are good fellows and we are glad they are with us; but there is a higher and more useful officer that is frequently found in Florida who counts more for all the rest, and that is "General Activity." He is the man most needed in every live town and he can be found all over our busy State.

Many people who come from the North to spend their winters in the Sunny South would prefer to own a small farm and reside a few miles from the city. If we only had good roads leading to these farms, there would be no trouble experienced in selling such lands at a good price. Here is one argument in favor of good roads that should be considered by owners of land.

INDUSTRIAL EXPOSITION.

The Manufacturers' Pure Food and Industrial Exposition, which will be held at Jacksonville from January 4th to 18th inclusive, will be the largest exposition ever held in Florida.

The mammoth building is being erected on the old St. James lot, across the street from the Windsor Hotel, and will be when completed a magnificent structure and the largest building of its kind in the State.

Over 7,000 incandescent lights, besides between 250 and 300 arc lights, will be used to light the building, both inside and out. The entrance will be made of massive pillars on the colonial style with the stucco effect and hundreds of colored incandescent lights will be used, and the entire electrical effect will be the grandest display ever seen in our State.

The building will contain 317 windows and four entrances, besides numerous exits, and every precaution is being taken by the management to take care of the thousands of visitors who will visit the Exposition. A large corps of special policemen, firemen and watchmen will be employed.

The automobile exhibits will be the largest and best ever seen in the South. Racing machines, tally-hos, delivery wagons, touring cars, besides a handsome line of imported automobile supplies will be seen.

Runkle Brothers of New York will give away 25 pounds of chocolate candy daily. The Borden Condensed Milk Company will make their famous milk in their booth. The Welch Grape Juice Company will give away their world-famous drink, grape juice. The Cable Piano Company will give a continuous performance at their large booth. A miniature house erected by the Florida Pressed Brick Company of all their fancy brick. All the breakfast foods and new food stuffs will be exhibited. The Machinery Hall will be especially interesting. The Malsby Company of Atlanta have secured an enormous space and will have a sawmill in full operation. And last, but not least, will be the grand band and the wonderful hippodrome attractions. The best carnival attractions will be secured and the shows will be only of the very best class.

You can't afford to miss the Exposition, as it will not only be very instructive, but it will also have all the fun and merry-making features that will help to make your visit both profitable and pleasant. Remember the dates, January 4th to 18th, inclusive.

COTTON GROWERS WILL WIN.

"Everything is moving along with entire satisfaction and it looks as if we were going to win in our effort to tie up the most of the balance of the crop." Thus writes President Harvie Jordan of the Southern Cotton Association to a leading spot man of New Orleans, after some campaigning for the purpose of tying up 3,000,000 bales of cotton and reducing the growers to hold for 15 cents. The upward tendency of the staple since then, augmented by the ginners' report and the fact that a powerful speculative element, acting independently, is conducive to the belief that the Southern Cotton Association will accomplish its aim.

Mr. Jordan has made it perfectly and forcefully clear, however, that the speculative side has nothing whatever to do with the movement, further than natural coincidence and the president of the Southern Cotton Growers' Association declares that neither he nor the association will have anything to do with the speculators.

Mr. Jordan states that the association will immediately send out blank pledges to all who write for them to Atlanta headquarters.

Norway has at last showed her hand. All they have is one king. She may have something up her sleeve.

Beware of Ointments for Catarrh That Contain Mercury.

As mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Sold by druggists. Price 75c per bottle.

Take Hall's Family Pills for constipation.

FLORIDA'S PROSPERITY.

Everyone should pay particular attention to the bulletin on the manufacturing interests of Florida, issued Saturday by the census bureau of the Department of Commerce and Labor, says The Tampa Tribune. This bulletin, which is the result of expense and labor by the government in the collection of statistics, places the value of the manufactured products of the State for last year as \$50,241,078, an increase since 1900 of 47 per cent.

Just think of that! It means that the people of Florida have not been content to remain idle and allow other States to leave her behind. It means that the enterprising citizens of a State that is plethoric with natural possibilities have taken advantage of the conditions and to use a vulgarism of the day, "made good."

According to this official bulletin, there are 1,410 manufacturing establishments in the State, capitalized at \$32,958,482. These establishments employ 41,961 wage-earners, who were paid last year \$15,736,222.

The product of the principal articles manufactured was last year as follows: Tobacco, cigars and cigarettes, \$16,784,276; lumber, \$12,592,105; turpentine and rosin, \$9,851,173.

The bulletin does not touch upon the other great industry, the raising of citrus fruits. But there is enough in the figures given out to show that Florida is forging to the front every year.

The wage-earners of Florida are well paid. The workmen should not lose track of the fact that employers have their money invested in such a way that affords them employment.

We are in receipt of frequent letters from parties inquiring about real estate in Alachua county, and some of these letters are from men who are anxious to know in regard to the prices of real estate in the city and farming lands; but as we do not have the time to write letters to all of them and pay postage on the same, we simply send copies of The Sun, so they can see who are the men who have property for sale. There may be others who have property they would like to dispose of, but as they do not make the fact known we refrain from mentioning their names, lest we might offend them. If you want to take advantage of these inquiries, put a small advertisement in The Sun.

The Punta Gorda Herald says that Mr. Flagler has played the mischief. He has picked up a regiment of Bowery bums to work on the extension of his railroad, with the result that they have simply "worked" him for a free trip to Florida.

Great Relief

During that trying period in which women so often suffer from nervousness, backache, sick headache, or other pains, there is nothing that can equal Dr. Miles' Anti-Pain Pills. They stop the pains, soothe the nerves, and give to

Women

the relief so much desired. If taken on first indication of pain or misery, they will allay the irritable condition of the nerves, and save you further suffering. Those who use them at regular intervals have ceased to dread these periods. They contain no harmful drugs, and leave no effect upon the heart or stomach if taken as directed. They give prompt relief.

"I have been an invalid for 9 years. I have neuralgia, rheumatism and pains around the heart. By using Dr. Miles' Anti-Pain Pills I am relieved of the pain, and get on and rest. I think had I known of the Pain Pills when I was first taken sick, they would have cured me. I recommend them for periodic pains." MRS. HENRY FUNK, R. A. ARKANSAS. Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails, he will return your money. 25 doses, 25 cents. Never sold in bulk. Miles Medical Co., Elkhart, Ind.

BALLARD'S SNOW LINIMENT

READ THIS REMARKABLE CURE

"I was much afflicted with rheumatism, writes Ed. C. Nud, Iowa, Sedgwick Co., Kansas, 'going about on crutches and suffering a great deal of pain. I was induced to try Ballard's Snow Liniment, which cured me, after using three 50c bottles. IT IS THE GREATEST LINIMENT I EVER USED; have recommended it to a number of persons, all express themselves as being benefited by it. I now walk without crutches, and am able to perform a great deal of light labor on the farm.'"
